## A MESSAGE FROM PRESIDENT PAINO

Dear Mary Washington graduates,

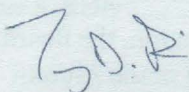

Congratulations! This is a great day of celebration – for you, for your family and friends, and for the entire Mary Washington community. I commend you for the hard work and dedication that have led to this important occasion, your commencement.

Not only is Mary Washington a place of academic rigor and commitment to excellence in all that we do, it also is a place where people truly matter as individuals and where people genuinely care about one another. It is that sense of community that sets us apart and that will live within you for years to come.

The Mary Washington story is your story. What you have achieved here, the relationships you have forged with faculty and your fellow students, will forever be woven into the fabric of Mary Washington. And the values of honor, integrity, and citizenship that you have practiced here will serve as a foundation for the remainder of your life. Go forward with pride and with the knowledge that you are well prepared for all of life's challenges and opportunities.

I extend my personal best wishes to you for success in all of your future endeavors. I encourage you always to remain close to your Mary Washington family and to return here often.

Sincerely,

A handwritten signature in dark ink, appearing to read "T.D.P." with a stylized flourish.

Troy D. Paino, J.D., Ph.D.

## COMMENCEMENT SPEAKERS ABBAS HAIDER AND ROBERT DAVIS

Abbas Haider, pictured above left, and Robert Davis, both graduates of the University of Mary Washington Class of 2012, parlayed their business administration degrees into real-world entrepreneurship. They are founding partners of Aspetto, a Fredericksburg-based business that has developed a global reputation as the go-to company for bulletproof clothing.

Haider, the company's president and chief executive officer, and Davis, Aspetto's chief operations officer, met in a UMW classroom when they both took a course on international business strategy. Their assignment: Invent a product that would be viable in foreign markets.

The duo of fashion aficionados and budding entrepreneurs had already bonded over their desire to create custom-made men's suits. Haider had launched the enterprise three years earlier, calling it Aspetto, Italian for "appearance." How to enhance the appeal of Aspetto to an overseas market? Add ballistics. The business took off, and this class project evolved into ready-made post-graduation jobs for Haider and Davis.

Last year, the Aspetto partners rose to the top of more than 15,000 nominations from across the country to make the prestigious *Forbes* magazine "30 Under 30" list of successful young business leaders.

The lifesaving apparel line has generated millions of dollars in revenue, serving the U.S. armed forces, government contractors, NFL players, reality TV stars, and other high-profile clients. It has been featured in such publications as *Esquire*, *Newsweek*, and *The Independent UK*.

Haider, who grew up in Chantilly, Virginia, started an import/export business during high school and was co-founder of UMW's Entrepreneur Club. Davis, who played varsity soccer at UMW, is from Orange County, Virginia. Both have been named to UMW's College of Business Advisory Board.

# ACADEMIC CUSTOMS AND DRESS

The origins of many customs of the academic world can be traced to the Middle Ages, particularly the 11th and 12th centuries, when the first European universities – Bologna, Paris, and Oxford – were founded.

In their original organization, the universities were like medieval corporations or guilds. In fact, the word “universitas” originally referred to any kind of corporation. The students at the universities were equated to guild apprentices, so the completion of the apprenticeship was celebrated by a “commencement” marking the beginning of their careers.

In the 12th century, everyone wore gowns. The social and economic status of an individual was shown by the extra features, such as fur trimming, on the gowns. Cloaks with hoods were worn over gowns for protection in bad weather. Degrees began to be awarded in the 13th century, and different styles of gowns and different colors came to represent the various degrees and disciplines.

Over the centuries the styles of dress changed, and by the 17th century the wearing of gowns by men had virtually ceased. But the universities, particularly those in Britain, continued to be conservative and strict in the manner of academic customs and dress. At Oxford, for instance, a candidate for a master’s degree had to swear that he owned a gown and would always wear it at the proper times.

The first American universities were founded on English models. However, the wearing of academic dress was not universal and ceased during the Civil War. The custom was revived in the late 19th century, and in 1895 an academic custom code was adopted that, with modifications, is still used.

Most American universities have the standard black gown with the hood serving to distinguish the individual institution. Some American and European universities have adopted or preserved more distinctive gowns. There are three styles of gowns, distinguished mainly by the sleeves: the bachelor’s gown, with long pointed sleeves; the master’s, with a squared sleeve, cut so the forearm is free; and the doctoral gown, with bell-shaped sleeves with three velvet bands.

The hood is the most distinguishing feature of modern gowns, indicating the degree (the width of the edging band), the discipline (the color of the band), and the college or university (the colors of the lining). Today’s graduates have hoods edged in white (B.A.), gold (B.S., BLS), or apricot (BSN). Many faculty members will have blue edging indicating the doctoral degree. The faculty will be wearing hoods representing many distinguished institutions of higher education.

## THE ACADEMIC MACE

The tradition of the academic mace began in the late 14th century, when two ancient instruments, the royal scepter and the battle mace, were combined to form a symbol of the authority of the president or rector of a university. Noblemen carried the battle mace as both a weapon and staff of command, and the sovereign used the regal scepter as a sign of rulership, justice, and authority.

Together with the chain of office, the academic mace indicates that the president of the university is the temporary embodiment of the power, authority, autonomy, and sovereignty vested in the institution represented.

At the University of Mary Washington, the grand marshal carries the academic mace on behalf of the president at academic events such as commencement exercises, inaugurations, and convocations.

The original University of Mary Washington mace, first used for the May 1970 Commencement, was designed by Asprey and Company of London, England. The sterling mace carried in today's commencement ceremony was commissioned as a special project of the University Centennial Celebration in 2008. It was designed by Suzannah Wagner Merritt of Ashland, Virginia. The mace encompasses numerous symbols of the University, including lapis stones to display the school color; blossoms of dogwood to honor the Virginia state tree; acorns and oak leaves to recall the historic tree at Brompton, home of the UMW president; and a herringbone motif representing Campus Walk. The six prongs are engraved with the six names of the school prior to its becoming a university in 2004; the prongs are adorned with a lapis disc engraved with the University seal. The handle is emblematic of the original Mary Washington mace.

## THE UNIVERSITY SEAL

In addition to a book and lamp, signifying knowledge, the University seal denotes the year the institution was founded, 1908, and the University motto, *Pro Deo Domo Patria*, translated from Latin to "For God, home, and country."

## PRESIDENTIAL COLLAR

Chains of office, also known as collars, originated in the Middle Ages and are worn today by presidents on ceremonial occasions as part of their regalia. The University of Mary Washington chain is a unique design crafted from gold plated sterling silver with lapis lazuli gem accents. Symbols important to the history of the University are incorporated in elements of the chain. A large medallion, depicting the university seal, is flanked by white oak leaves symbolic of the historic oak tree at Brompton. The names of the presidents of the institution, along with their dates of service, are engraved on links that are connected with blossoms of dogwood, the Virginia state tree. The chain was unveiled during the University of Mary Washington Commencement in 2006, and it is presented to each new president to wear during ceremonial occasions.

## THE EAGLE PIPE BAND

As has become tradition, the UMW Eagle Pipe Band will perform at today's commencement ceremony.

The band was formed in 1997 with a small number of Mary Washington students and members of the Fredericksburg community. Over the years a number of students have learned piping, drumming, or dancing skills through participation in this group. The band has been a top contender in pipe band competitions across the East Coast.

The Eagle Pipe Band was founded by Raymond B. Scott, University of Mary Washington professor of chemistry, and is under his direction. The tartan worn by the musicians was designed for the University to match the school colors and is registered in Scotland's official registry of tartans.

## *Alma Mater*

All hail, dear Alma Mater,  
We sing our praise to you.  
High on Marye's Hilltop  
You stand forever true;  
Born in truth and honor  
You ever more shall be,  
The model of our future years  
And all eternity.

Whene'er we have to leave you  
We never will forget,  
The lessons you have taught us,  
And all the friends we've met;  
And we your sons and daughters  
Will hold your name on high,  
So here's to Mary Washington;  
Our love will never die.
